

M/E SOURCE SELECTOR
SPACER BOARD V1.2 – FRONT
PART NUMBER 2810-0201

The image shows the front view of a red printed circuit board (PCB). It features a central area with yellow text. There are eight circular mounting holes, one in each corner. A large rectangular cutout is located on the right side. At the top and bottom, there are rows of rectangular components, likely connectors or sockets, which are currently empty.
